VOLUME 4. MARYVILLE, MISSOURI, FRIDAY, APRIL 17, 1914. NO. 273.

IS NOW AN EDITOR

JOHN I. HOFFMAN HAS BECOME MAGAZINE WRITER.

FOR PHOTOGRAPHERS'

Late Secretary of Commercial Club is Making Good as Secretary of National Photographers' Ass'n.

John I. Hoffman, late secretary of the Maryville Commercial club, has become an editor, and a magazine editor at that.

He left Maryville on Christmas day last with his bride, who was Miss Hazel Ritchie of Maryville, and went to Bucyrus, O., to make that place his headquarters as secretary of the Photographers' Association of America. Since going there he conceived the idea of a publication for the association, and the following article taken from the Bucyrus Evening Telegram of last Saturday, will be of interest to his many Maryville friends.

Bucyrus has become the seat of publication of a magazine which, with its first issue, will go to every photographer in America. The magazine will be known as The Association News, and will be published in the interests of the photographers of America and its columns will be devoted to matter of general interest to photographers. John I. Hoffman, secretary of the Photographers' Association of America, who is now a resident of Bucyrus, is the publisher of this new journal, and the magazine is being published in the plant of the Hopley Printing company.

The first issue of the publication went out today and is a very attractive 16-page magazine, brimful of matter of interest to all those engaged in the business of photography, and the magazine under the able direction of Mr. Hoffman is an assured success. Through the courtesy of those identified with the manufacture of camera and photo supplies Mr. Hoffman secured the name of every professional photographer in America, and the initial number of the new Bucyrus magazine goes to the office of nearly 14,000 men and women in America. Thus Bucyrus will be given new recognition and the spot on the map of America will receive new consideration through the efforts of the publisher of this new journal.

Mr. Hoffman is located in Bucyrus as the result of the efforts of L. A. Dozer, the national treasurer of the photographers' association. At the annual meeting in Denver last year, through the efforts of Mr. Dozer, a permanent secretary was secured for the association, and Mr. Hoffman, who had been engaged in commercial club and town boosting work, was engaged in that capacity. With his association with the photographers the first of the present year Mr. and Mrs. Hoffman took up their residence in Bucyrus, and within a short time Mr. Hoffman realized the advantage to the association of having a journal, and through his efforts Vol. 1, No. 1, goes into the mail today.

Not only will the Association News prove a winner for the photographers but will prove a great boost for the city of Bucyrus in making this city the recognized center of the interests of the photographers of the United States, and all Bucyrus happy to have Mr. Dozzer, the national treasurer, and Mr. Hoffman, the national secretary, as residents of this city and boosters for the better development of the city's best interests.

The next number of the Association News will be the convention number, in which special attention will be given the convention of the national association, which will be held in New Orleans in June.

LECTURE POSTPONED.

Wage Earners' Class of Buchanan Street Church Cannot Have Lecture Tonight.

The Wage Earners' class of the Buchanan Street Methodist church will not give its illustrated lecture this Friday evening, as announced.

The company with which the class contracted for views with which to illustrate the lecture to be given by Rev. J. D. Randolph, the pastor, was unable to furnish the slides in time for the lecture.

Baby Operated On.

Mr. and Mrs. C. L. Farnan and son and Mrs. Farnan's mother, Mrs. J. P. Merrigan, of Clyde, returned home Friday from a two days stay at St. Francis hospital. The little boy was operated on Thursday for a slight growth on his chest.

SECURES GOOD POSITION.

Glenn Lukens, Senior Normal Student, Elected as Teacher of Industrial Arts.

Glenn Lukens, a member of the senior class of the Fifth District Normal school, has secured a position as teacher of industrial arts in the public schools of Slayton, Minn.

Mr. Lukens finished the regular normal course at the end of the winter term and has since been doing special work in the manual training department under direction of Prof. Frank Shepherd. The telegram which informed Mr. Lukens of his election stated that the salary is $100 a month and that his election was assured for the same position for the next school year if the work is reasonably satisfactory.

PURCHASED PRATHER PROPERTY.

Dr. F. M. Ryan bought the Home and M. L. Beattie a Lot on West First Street.

Dr. F. M. Ryan of this city purchased Thursday the Prather home, on West Second street, the consideration being $4,500. Dr. Ryan will probably build later on this property, as the present home was badly damaged by fire over a year ago and has never been repaired, owing to differences with the insurance company. The property belonged to Miss Elizabeth Prather.

Miss Prather also sold a lot on West First street, just east of Dr. A. B. Allen's property, on that street, to M. L. Beattie for $1,500. Mr. Beattie intends to build. Both of these deals were made through the Farmers Trust company.

SAVANNAH IS COMING.

Will Be Well Represented at the Track Meet Here Next Saturday.

Savannah will be well represented at the inter-high school track meet and declamatory contest next Friday and Saturday. Most of the people will come to Maryville on the Burlington special from St. Joseph, which will arrive in the city about 9 o'clock on the morning of that day.

The following is taken from this week's Savannah reporter:

Last year three medals, two permanent records and fourteen and a third points were made by the Savannah boys, and it was a happy day. All the contestants are expecting a large crowd of Savannah people to attend the events. It is a jolly time and an excellent outing besides encouraging the school spirit and the contestants.

Savannah's track team includes eleven who are doing good practice. They had their class meet last Friday, and the team was chosen. The following is the highest record and the names of the boys' standing are first, second and third in the order given:

Flynt Resting Easy.

F. L. Flynt, city engineer, who fell from his bicycle Thursday forenoon and sustained a broken collar bone, is resting easy today. He was on his way to the pump house of the City Water company, east of the city, and as he was crossing the Burlington tracks he switched hands and lost control of the handle bars. He was carrying tools in one hand. He just recovered from a case of mumps recently. The injury is painful and he will be laid up for some time.

THE PIANO CO. WON

JURY GAVE VERDICT AGAINST R. C. ANTHONY.

A STAY FOR MARKWELL

Court Adjourned After Short Session Friday—The Lawsons' Case Continued Until Next Term.

Circuit court adjourned Friday morning after a short session to meet Saturday morning. The petit jury was discharged. The criminal cases will come up Monday and a new jury will be summoned.

In the case of state of Missouri vs. Everett E. Lawson and Hurlbert Lawson, assault with intent to kill, the cause was continued on application and at cost of the defendants for the term. The Lawsons got in trouble over a load of corn sold to Lucien Slagle of near Ravenwood. Slagle claimed the corn was bad and refused to take it. He was attacked by the Lawsons at his home and seriously hurt.

The jury in the case of the Jesse French Piano and Organ Co. vs. R. C. Anthony brought in a verdict Thursday evening for the plaintiff. The case was a replevin suit for a player piano bought by Anthony from the Field-Lippman company of this city.

The jury brought in the following verdict:

"We, the jury, find for the plaintiff, that at the commencement of this suit on March 16, 1914, the plaintiff was and is still entitled to the possession of the piano player described in the petition under and by virtue of the chattel mortgage read in the evidence, and we, the jury, further find that the amount of the notes remaining unpaid under said chattel mortgage for the purchase price of the piano player is $360."

A stay of execution was granted to Henry Markwell upon his application and for good cause shown. Markwell was fined recently in court $200 for gaming. The stay was granted on condition that Markwell enter into a recognizance in the sum of $250 for a period of ninety days.

Fryar & Horton vs. Chicago Great Western, damages. Cause submitted to the following jury Friday morning. G. C. Evans, Enoch Byergo, E. E. Tilton, J. C. Busby, Albert Binter, T. M. Trusty, J. A. Wallace, Ezra Phipps, J. A. Murphy, J. L. Lorance, F. M. Claycomb and Frank Partridge. The jury was later discharged and the case continued at the costs of the plaintiffs.

Mrs. Joe Irvin was taken to Maryville Monday to be placed in the hospital for treatment of an affliction in her side. Before being taken there it was thought an operation would be necessary, but up to this time it has been avoided. It is thought that she will be able to be brought home by Saturday evening.—Blanchard (Ia.) Herald.

BADLY INJURED

ELAN SMITH STRUCK BY A C. G. W. ENGINE.

TO A ST. JOE HOSPITAL

Accident Occurred This Morning at Ravenwood—Chances For His Recovery Are Very Slim.

Elan Smith, 77 years old, living southwest of Ravenwood, was probably fatally injured Friday forenoon abopt 11:45, when his team was struck by a Great Western train at Ravenwood.

He was taken to Ensworth hospital in St. Joseph at 4:30 o'clock this afternoon by Dr. Kessler of Ravenwood and Dr. Stuckle of Clyde, who were summoned to attend to his injuries.

Mr. Smith and his son, Elmer Smith, brought two loads of hay from his farm, southwest of Ravenwood, Friday morning, and was loading it into the car for shipment in the railroad yard. Mr. Smith had finished unloading and started to drive across the tracks over into town just as No. 1, a passenger train, was coming in. The train is due at 11:18, and it is supposed that Mr. Smith did not think of a train coming in at that time. As his horses moved on the track a shrill whistle was given from the engine to attract his attention, but it was too late. It is supposed that Mr. Smith thought he could make the distance. The engine struck between the horses and the wagon, Mr. Smith and the back part of the wagon going to the west side of the track and the horses and front wheels to the east side. One horse was killed, its neck being broken, and the other horse was badly injured, but the veterinary called to care for the animal believes its life can be saved.

Mr. Smith was taken to the office of Dr. Kessler to be cared for. His injuries are internal and the physicians are unable to tell how they may result.

Mr. Smith has lived in Nodaway county all of his life and is believed to be the first white child born in the county. His wife is living, and he has two sons and two daughters, Elmer Smith, living near his father; Alex Smith, living on the Cooper Gooden farm, two miles north of Ravenwood; Mrs. Joe Witham, living southeast of Ravenwood, and Mrs. Will Bolin of near Maryville.

Mrs. Sturm Improving.

Mrs. Aaron Felix of this city is at the bedside of her sister, Mrs. Matt Sturm of Clyde, who has been critically ill for several days. Mrs. Sturm was some better Friday.

OREAR AT CONVENTION.

Favors Sanitary Drinking Cups for Soda Fountains.

At a meeting of the Rexall druggists in St. Louis Wednesday, Edward G. Orear of Maryville spoke in regard to sanitary drinking cups for soda fountains.

He denounced the unsanitary, unwashed glasses used to serve customers and favored the cup which would be destroyed after use.

Another important event at the convention was the decision of the International Association of Rexall Dealers, a subsidiary organization of the United Drug Co., to give away a half million fly swatters. This decision was reached last night at the second session of the convention being held in the Planters hotel, at which time Mr. Orear made his talk on the sanitary cups.

AFTER SICKNESS

Mrs. Gardner Tells How to Restore One's Strength.

So many people are asking how to recover their strength after severe sickness that we are publishing this information for their benefit.

After grippe, pleurisy, pneumonia or any illness what you need is new strength and better blood.

The most certain way to get this is by taking Vinol, our delicious cod liver and iron preparation.

Mrs. M. T. Gardner, Chicago, Ill., says: "After a very serious operation I was a total invalid for nearly a year and a convalescent for months thereafter, I gave the remedies of a number of eminent specialists a thorough trial, but without deriving the slightest benefit. Vinol was recommended. Without the least faith in the merits of the medicine, I took it faithfully, and it seemed to bring back the old color to my cheeks and the elasticity to my step which I had despaired of ever recovering. I can say, conscientiously, that for nervous, run-down people, Vinol is an excellent remedy."

Try a bottle of Vinol. Your money will be returned if it does not restore your vitality and strength. The Orear-Henry Drug, Co., Maryville, Mo.—Advertisement.

THREE ROADS AFTER WABASH.

Burlington Wants West End—Chicago & Alton to Take East End—Minneapolis & St. Louis Get North End.

Dame rumor has it that after an inspection of the Wabash railroad three other roads will buy all of the Missouri division of the road. The rumor does not say, however, just what will become of the Wabash east of St. Louis or that section of the road which runs from Brunswick, Mo., to Omaha.

According to the rumor, the Chicago & Alton road will buy that section of the road from Mexico to St. Louis. Should there be any foundation for this part of the rumor, the purchase of the Alton would give it a direct route into St. Louis from the west, whereas it is now necessary to go to Roadhouse, Ill., and transfer at that point for St. Louis.

If the rumors are correct the Burlington will acquire the main and branch lines of the Wabash from Mexico to Kansas City and the St. Louis line leading north from Moberly to Albion, Ia.

As yet no confirmation has been given the rumor from official circles, yet unofficially it is believed that there is a foundation for the rumor, and in all probability one of the above named roads will buy the main line of the Wabash from St. Louis and Kansas City and then divide the road.

For District Schools of Green Township—Tuesday, April 21.

Green township is to have a track meet. It will be held at Quitman, Tuesday, April 21. The program of the day will start promptly at 1:30 p. m. All of the district schools in the township are eligible to enter the events, and a big day is promised.

The officers are John Davis and W. M. Oakerson, field managers; Earl Key, secretary; Chloe Davis, treasurer; Dollie Hughbanks, Anna Craytor, Edith Collins, committee on prizes; Anna Craytor, announcer; Fred Wright, starter; Dr. Hedderson, Rev. Berger and Edith Collins, judges.

Following is a partial list of the events:

100-yard dash, sixth, seventh and eighth grade boys.

50-yard dash, fourth and fifth grade boys.

Egg race, free for all.

Rock race, second and third grade boys.

Three-legged race, fourth, fifth and sixth grade boys.

A girls' ball game, three innings.

All schools in the district should arrange to make entries.

College to Open.

Rev. E. W. Dow of Medway, Mass., is here to submit to our people a proposition to open Grand River college again. He has an option on the buildings from William Jewell and if he receives sufficient financial and moral support from our people he will arrange to start a non-sectarian school for young ladies in the buildings, beginning next September. The purchase of the buildings and refitting them for school purposes means a considerable outlay for him. He asks that our citizens pledge him $500 a year for five years, this money to be paid at the end of each school year if a successful term of school has been taught. Rev. Dow was formerly president of the college at Bolivar, Mo. If we can secure a good college here on payment of this sum, it will be worth much more than that to the town. A canvass of our business men will be made to ascertain what can be done toward raising this subscription.—Gallatin Democrat.

Mrs. G. A. Bradley and Mrs. D. J. Dennis of St. Joseph, who have been visiting Mrs. Robert Judy, returned home Friday morning.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

Fred J. Yeomans for County Clerk.

Fred J. Yeomans, the able deputy county clerk of Nodaway county, was a Parnell visitor a few days ago. Mr. Yeomans is a candidate for county clerk at the coming fall election and has been out among his many friends over the county announcing his candidacy for that office. He is one of the most painstaking men in the county in doing clerical work, and especially where there is lots of figuring to do. The county clerk's office consists principally of figures; in fact, take the figuring away there wouldn't be much left to do. Should he receive the nomination and be elected the county would not find a more competent official.—Parnell Sentinel.

According to Cornelius Roach, secretary of state, says the Parnell Sentinel, there are twenty-two cars less around Parnell this year than in 1913, or at least that is the number of people who had cars last year who haven't got them this year, judging from the licenses issued. This undoubtedly is a mistake as there are more automobiles in and around Parnell this year than there ever was, and people are constantly buying.

DAILY BULLETIN

No. 22. Maryville, Mo. Friday, April 17, 1914.

Today we call attention to our first showing of the new

Quaker Craft--Laces
for window draping

Quaker Craft-Laces are shown in our drapery section for the first time today.

They contain the latest ideas in materials for making lace curtains.

Quaker designs are unusually attractive and their introduction denotes a new period in the making of beautiful draperies.

The designs in Quaker Craft-Laces cannot be duplicated—they are exclusive.

The materials cannot be excelled—only the finest qualities are good enough for Quaker Craft-Laces.

The Spring designs include—

—new shadow lace effects
—new small allover effects
—new pierced block effects
—new striped effects

Quaker Craft-Laces fill every need for window draping.

If you need lace curtains do not fail to inspect this showing-you will find Quaker Craft-Laces only in our drapery section.

We will gladly show you the new methods of decorating windows and demonstrate how ideal Quaker Craft-Laces are for this purpose.

Price, by the yard; from 25c to $1.25
Price, by the pair, from 75c to $6.00

If you are interested in vacuum sweepers let us show you what we consider the best built—

Duntley Vacuum Sweeper, $7.50
(Hand power)
and the
Frantz-Premier Sweeper, $25
(Electric)

Where electricity is not available, or if you prefer a hand vacuum sweeper, the Duntley is without an equal.

It is a PRACTICAL hand sweeper.

It generates a vacuum sufficiently powerful to pull the dust from UNDER the carpet—to thoroughly clean, any weight rug or carpet.

It is an excellent value for the price—$7.50

Where electricity is available we advise the superior Frantz-Premier Vacuum Sweeper.

It is light in weight and can be easily carried from room to room.

It is properly constructed and will do all your cleaning rapidly.

The motor is stoutly built and will last for years. The cost of running this electric will not be over 1c an hour on steady work.

It is guaranteed to be free from defects for one year.

The price is $25—and at that price it is cheaper than any other vacuum we know of considering its quality.

We will gladly demonstrate both of these Vacuum Sweepers upon request.

Lace Curtain Stretchers—full size—strongly built, $1.25 and $2.50.

EARLY RISING.

Some Impressive Figures Showing What It Means.

The following calculation is interesting: Suppose one boy, aged 10 years, determines to rise at 5 o'clock all the year round. Another of the same age, indolent and fond of ease, rises at 8, or an average of 8, every morning. If they both live to be 70 years old the one will have gained over the other during the intervening period of sixty years 65,745 hours, which is equal to 2,739 and a fraction days, or just 7½ years.—St. Joseph Stock Yards Journal.

HUERTA'S FACE WELL SAVED

London Paper Thinks Mexican President Gets Out Gracefully.

London, April 17.—The London morning papers commenting with satisfaction on the conclusion of the Tampico incident continue to criticise President Wilson's policy. The Daily Telegraph says:

"It seems plain that Huerta's face is thoroughly well saved and a very considerable strengthening is given to his position in the eyes of his countrymen. He will call the acknowledgment of his salute a measure of recognition, and if the Mexicans regard it in that light it matters little what Washington may say about it."

Ask Stay for Dynamiters.

Washington, April 17.—President Wilson was asked by a delegation from the senate and house to request Attorney General McReynolds to obtain from the circuit court of appeals at Chicago a stay of execution for the twenty-seven labor leaders sentenced to Fort Leavenworth for complicity in the dynamite conspiracy, until he had an opportunity to review all the proceedings and the application for pardon. The president promised to give the cases careful consideration.

YOUR CHILD'S SIGHT

Should be a most important consideration. Many children are handicapped in school or subjected to petty nervous or physical ills by the effects of imperfect vision.

An examination of the eyes of 100,000 school children in New York City showed that nearly 30 per cent needed glasses. In Boston it was more than 20 per cent, and most of them were down on the books as "stupid," "stubborn" or "unruly."

Wearing glasses in childhood often averts serious trouble later on. Have our optician examine your child's eyes. If glasses are not needed you may be sure we will tell you so frankly.

VOLUME 4. MARYVILLE, MISSOURI, FRIDAY, APRIL 17, 1914. NO. 273.

IS NOW AN EDITOR

JOHN I. HOFFMAN HAS BECOME MAGAZINE WRITER.

FOR PHOTOGRAPHERS'

Late Secretary of Commercial Club is Making Good as Secretary of National Photographers' Ass'n.

John I. Hoffman, late secretary of the Maryville Commercial club, has become an editor, and a magazine editor at that.

He left Maryville on Christmas day last with his bride, who was Miss Hazel Ritchie of Maryville, and went to Bucyrus, O., to make that place his headquarters as secretary of the Photographers' Association of America. Since going there he conceived the idea of a publication for the association, and the following article taken from the Bucyrus Evening Telegram of last Saturday, will be of interest to his many Maryville friends.

Bucyrus has become the seat of publication of a magazine which, with its first issue, will go to every photographer in America. The magazine will be known as The Association News, and will be published in the interests of the photographers of America and its columns will be devoted to matter of general interest to photographers. John I. Hoffman, secretary of the Photographers' Association of America, who is now a resident of Bucyrus, is the publisher of this new journal, and the magazine is being published in the plant of the Hopley Printing company.

The first issue of the publication went out today and is a very attractive 16-page magazine, brimful of matter of interest to all those engaged in the business of photography, and the magazine under the able direction of Mr. Hoffman is an assured success. Through the courtesy of those identified with the manufacture of camera and photo supplies Mr. Hoffman secured the name of every professional photographer in America, and the initial number of the new Bucyrus magazine goes to the office of nearly 14,000 men and women in America. Thus Bucyrus will be given new recognition and the spot on the map of America will receive new consideration through the efforts of the publisher of this new journal.

Mr. Hoffman is located in Bucyrus as the result of the efforts of L. A. Dozer, the national treasurer of the photographers' association. At the annual meeting in Denver last year, through the efforts of Mr. Dozer, a permanent secretary was secured for the association, and Mr. Hoffman, who had been engaged in commercial club and town boosting work, was engaged in that capacity. With his association with the photographers the first of the present year Mr. and Mrs. Hoffman took up their residence in Bucyrus, and within a short time Mr. Hoffman realized the advantage to the association of having a journal, and through his efforts Vol. 1, No. 1, goes into the mail today.

Not only will the Association News prove a winner for the photographers but will prove a great boost for the city of Bucyrus in making this city the recognized center of the interests of the photographers of the United States, and all Bucyrus happy to have Mr. Dozzer, the national treasurer, and Mr. Hoffman, the national secretary, as residents of this city and boosters for the better development of the city's best interests.

The next number of the Association News will be the convention number, in which special attention will be given the convention of the national association, which will be held in New Orleans in June.

LECTURE POSTPONED.

Wage Earners' Class of Buchanan Street Church Cannot Have Lecture Tonight.

The Wage Earners' class of the Buchanan Street Methodist church will not give its illustrated lecture this Friday evening, as announced.

The company with which the class contracted for views with which to illustrate the lecture to be given by Rev. J. D. Randolph, the pastor, was unable to furnish the slides in time for the lecture.

Baby Operated On.

Mr. and Mrs. C. L. Farnan and son and Mrs. Farnan's mother, Mrs. J. P. Merrigan, of Clyde, returned home Friday from a two days stay at St. Francis hospital. The little boy was operated on Thursday for a slight growth on his chest.

SECURES GOOD POSITION.

Glenn Lukens, Senior Normal Student, Elected as Teacher of Industrial Arts.

Glenn Lukens, a member of the senior class of the Fifth District Normal school, has secured a position as teacher of industrial arts in the public schools of Slayton, Minn.

Mr. Lukens finished the regular normal course at the end of the winter term and has since been doing special work in the manual training department under direction of Prof. Frank Shepherd. The telegram which informed Mr. Lukens of his election stated that the salary is $100 a month and that his election was assured for the same position for the next school year if the work is reasonably satisfactory.

PURCHASED PRATHER PROPERTY.

Dr. F. M. Ryan bought the Home and M. L. Beattie a Lot on West First Street.

Dr. F. M. Ryan of this city purchased Thursday the Prather home, on West Second street, the consideration being $4,500. Dr. Ryan will probably build later on this property, as the present home was badly damaged by fire over a year ago and has never been repaired, owing to differences with the insurance company. The property belonged to Miss Elizabeth Prather.

Miss Prather also sold a lot on West First street, just east of Dr. A. B. Allen's property, on that street, to M. L. Beattie for $1,500. Mr. Beattie intends to build. Both of these deals were made through the Farmers Trust company.

SAVANNAH IS COMING.

Will Be Well Represented at the Track Meet Here Next Saturday.

Savannah will be well represented at the inter-high school track meet and declamatory contest next Friday and Saturday. Most of the people will come to Maryville on the Burlington special from St. Joseph, which will arrive in the city about 9 o'clock on the morning of that day.

The following is taken from this week's Savannah reporter:

Last year three medals, two permanent records and fourteen and a third points were made by the Savannah boys, and it was a happy day. All the contestants are expecting a large crowd of Savannah people to attend the events. It is a jolly time and an excellent outing besides encouraging the school spirit and the contestants.

Savannah's track team includes eleven who are doing good practice. They had their class meet last Friday, and the team was chosen. The following is the highest record and the names of the boys' standing are first, second and third in the order given:

Running broad—19 feet 9 inches, Dray, Sipes, Hunt.

He was on his way to the pump house of the City Water company, east of the city, and as he was crossing the Burlington tracks he switched hands and lost control of the handle bars. He was carrying tools in one hand. He just recovered from a case of mumps recently. The injury is painful and he will be laid up for some time.

THE PIANO CO. WON

JURY GAVE VERDICT AGAINST R. C. ANTHONY.

A STAY FOR MARKWELL

Court Adjourned After Short Session Friday—The Lawsons' Case Continued Until Next Term.

Circuit court adjourned Friday morning after a short session to meet Saturday morning. The petit jury was discharged. The criminal cases will come up Monday and a new jury will be summoned.

In the case of state of Missouri vs. Everett E. Lawson and Hurlbert Lawson, assault with intent to kill, the cause was continued on application and at cost of the defendants for the term. The Lawsons got in trouble over a load of corn sold to Lucien Slagle of near Ravenwood. Slagle claimed the corn was bad and refused to take it. He was attacked by the Lawsons at his home and seriously hurt.

The jury in the case of the Jesse French Piano and Organ Co. vs. R. C. Anthony brought in a verdict Thursday evening for the plaintiff. The case was a replevin suit for a player piano bought by Anthony from the Field-Lippman company of this city.

The jury brought in the following verdict:

"We, the jury, find for the plaintiff, that at the commencement of this suit on March 16, 1914, the plaintiff was and is still entitled to the possession of the piano player described in the petition under and by virtue of the chattel mortgage read in the evidence, and we, the jury, further find that the amount of the notes remaining unpaid under said chattel mortgage for the purchase price of the piano player is $360."

A stay of execution was granted to Henry Markwell upon his application and for good cause shown. Markwell was fined recently in court $200 for gaming. The stay was granted on condition that Markwell enter into a recognizance in the sum of $250 for a period of ninety days.

Fryar & Horton vs. Chicago Great Western, damages. Cause submitted to the following jury Friday morning. G. C. Evans, Enoch Byergo, E. E. Tilton, J. C. Busby, Albert Binter, T. M. Trusty, J. A. Wallace, Ezra Phipps, J. A. Murphy, J. L. Lorance, F. M. Claycomb and Frank Partridge. The jury was later discharged and the case continued at the costs of the plaintiffs.

Mrs. Joe Irvin was taken to Maryville Monday to be placed in the hospital for treatment of an affliction in her side. Before being taken there it was thought an operation would be necessary, but up to this time it has been avoided. It is thought that she will be able to be brought home by Saturday evening.—Blanchard (Ia.) Herald.

BADLY INJURED

ELAN SMITH STRUCK BY A C. G. W. ENGINE.

TO A ST. JOE HOSPITAL

Accident Occurred This Morning at Ravenwood—Chances For His Recovery Are Very Slim.

Elan Smith, 77 years old, living southwest of Ravenwood, was probably fatally injured Friday forenoon about 11:45, when his team was struck by a Great Western train at Ravenwood.

He was taken to Ensworth hospital in St. Joseph at 4:30 o'clock this afternoon by Dr. Kessler of Ravenwood and Dr. Stuckle of Clyde, who were summoned to attend to his injuries.

Mr. Smith and his son, Elmer Smith, brought two loads of hay from his farm, southwest of Ravenwood, Friday morning, and was loading it into the car for shipment in the railroad yard. Mr. Smith had finished unloading and started to drive across the tracks over into town just as No. 1, a passenger train, was coming in. The train is due at 11:18, and it is supposed that Mr. Smith did not think of a train coming in at that time. As his horses moved on the track a shrill whistle was given from the engine to attract his attention, but it was too late. It is supposed that Mr. Smith thought he could make the distance. The engine struck between the horses and the wagon, Mr. Smith and the back part of the wagon going to the west side of the track and the horses and front wheels to the east side. One horse was killed, its neck being broken, and the other horse was badly injured, but the veterinary called to care for the animal believes its life can be saved.

Mr. Smith was taken to the office of Dr. Kessler to be cared for. His injuries are internal and the physicians are unable to tell how they may result.

Mr. Smith has lived in Nodaway county all of his life and is believed to be the first white child born in the county. His wife is living, and he has two sons and two daughters, Elmer Smith, living near his father; Alex Smith, living on the Cooper Gooden farm, two miles north of Ravenwood; Mrs. Joe Witham, living southeast of Ravenwood, and Mrs. Will Bolin of near Maryville.

Mrs. Sturm Improving.

Mrs. Aaron Felix of this city is at the bedside of her sister, Mrs. Matt Sturm of Clyde, who has been critically ill for several days. Mrs. Sturm was some better Friday.

SUES FOR A NOTE.

First National Bank Suing E. S. Cook and J. A. Holt for Over $4,000.

A suit was filed Friday in Circuit Clerk Rathbun's office by Attorney A. F. Harvey for the First National bank against E. S. Cook and A. J. Holt. The petition states that on March 10, 1913, a note for $4,294.96 was made which became due September 10, 1913. The petition claims that only one payment of $91 was made and that was on January 12, 1914. Messrs. Cook and Holt were formerly partners together in the Maryville Business college.

OREAR AT CONVENTION.

Favors Sanitary Drinking Cups for Soda Fountains.

At a meeting of the Rexall druggists in St. Louis Wednesday, Edward G. Orear of Maryville spoke in regard to sanitary drinking cups for soda fountains.

He denounced the unsanitary, unwashed glasses used to serve customers and favored the cup which would be destroyed after use.

Another important event at the convention was the decision of the International Association of Rexall Dealers, a subsidiary organization of the United Drug Co., to give away a half million fly swatters. This decision was reached last night at the second session of the convention being held in the Planters hotel, at which time Mr. Orear made his talk on the sanitary cups.

These fly swatters are to be given to customers by the various dealers over the country.

AFTER SICKNESS

Mrs. Gardner Tells How to Restore One's Strength.

So many people are asking how to recover their strength after severe sickness that we are publishing this information for their benefit.

After grippe, pleurisy, pneumonia or any illness what you need is new strength and better blood.

The most certain way to get this is by taking Vinol, our delicious cod liver and iron preparation.

Mrs. M. T. Gardner, Chicago, Ill., says: "After a very serious operation I was a total invalid for nearly a year and a convalescent for months thereafter, I gave the remedies of a number of eminent specialists a thorough trial, but without deriving the slightest benefit. Vinol was recommended. Without the least faith in the merits of the medicine, I took it faithfully, and it seemed to bring back the old color to my cheeks and the elasticity to my step which I had despaired of ever recovering. I can say, conscientiously, that for nervous, run-down people, Vinol is an excellent remedy."

Try a bottle of Vinol. Your money will be returned if it does not restore your vitality and strength. The Orear-Henry Drug, Co., Maryville, Mo.—Advertisement.

Bilby of Quitman and the groom is a son of Fred Barber of Skidmore. They will live on Mr. Barber's farm, near Skidmore.

The Reception Successful.

The reception for the new members of the First Baptist church given in the church parlors Thursday evening was in every way successful. The guests were received by Rev. and Mrs. L. M. Hale, Senator and Mrs. Anderson Craig, Mr. and Mrs. Clark Andrews, Mr. and Mrs. G. W. Hempstead, Mr. and Mrs. G. B. Holmes and Miss Ada Albert. Punch was served by a bevy of young girls, and music was generously given throughout the evening by the Sunday school orchestra and mandolin club, Miss Alma Nash, leader; Misses Thelma and Gladys Culverson, Frank Culverson and Elizabeth Nash. The entertainment committee, Miss Orril Helwig, Miss Mabel Hunt, Mrs. Gay Leeper, Charles Andrews and Guy Neal, provided a good entertainment, and charades were played later. Miss Hunt gave a humorous reading, "Saliny," and Mabel and Evelyn Raines and Florence Miller gave a charming little Japanese song in costume. All joined in singing familiar songs, and at a late hour the entertainment committee, Mrs. E. L. Andrews and Mrs. Mary Owen served cake and coffee. It was a delightful evening for all.

The single trees and tongue were broken entirely in two.

College to Open.

Rev. E. W. Dow of Medway, Mass., is here to submit to our people a proposition to open Grand River college again. He has an option on the buildings from William Jewell and if he receives sufficient financial and moral support from our people he will arrange to start a non-sectarian school for young ladies in the buildings, beginning next September. The purchase of the buildings and refitting them for school purposes means a considerable outlay for him. He asks that our citizens pledge him $500 a year for five years, this money to be paid at the end of each school year if a successful term of school has been taught. Rev. Dow was formerly president of the college at Bolivar, Mo. If we can secure a good college here on payment of this sum, it will be worth much more than that to the town. A canvass of our business men will be made to ascertain what can be done toward raising this subscription.—Gallatin Democrat.

Mrs. G. A. Bradley and Mrs. D. J. Dennis of St. Joseph, who have been visiting Mrs. Robert Judy, returned home Friday morning.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

Fred J. Yeomans for County Clerk.

Fred J. Yeomans, the able deputy county clerk of Nodaway county, was a Parnell visitor a few days ago. Mr. Yeomans is a candidate for county clerk at the coming fall election and has been out among his many friends over the county announcing his candidacy for that office. He is one of the most painstaking men in the county in doing clerical work, and especially where there is lots of figuring to do. The county clerk's office consists principally of figures; in fact, take the figuring away there wouldn't be much left to do. Should he receive the nomination and be elected the county would not find a more competent official.—Parnell Sentinel.

According to Cornelius Roach, secretary of state, says the Parnell Sentinel, there are twenty-two cars less around Parnell this year than in 1913, or at least that is the number of people who had cars last year who haven't got them this year, judging from the licenses issued. This undoubtedly is a mistake as there are more automobiles in and around Parnell this year than there ever was, and people are constantly buying.

"HOME OF SAVINGS"
Maryville :- Missouri

THREE ROADS AFTER WABASH.

Burlington Wants West End—Chicago & Alton to Take East End—Minneapolis & St. Louis Get North End.

Dame rumor has it that after an inspection of the Wabash railroad three other roads will buy all of the Missouri division of the road. The rumor does not say, however, just what will become of the Wabash east of St. Louis or that section of the road which runs from Brunswick, Mo., to Omaha.

According to the rumor, the Chicago & Alton road will buy that section of the road from Mexico to St. Louis. Should there be any foundation for this part of the rumor, the purchase of the Alton would give it a direct route into St. Louis from the west, whereas it is now necessary to go to Roadhouse, Ill., and transfer at that point for St. Louis.

If the rumors are correct the Burlington will acquire the main and branch lines of the Wabash from Mexico to Kansas City and the St. Louis line leading north from Moberly to Albion, Ia.

As yet no confirmation has been given the rumor from official circles, yet unofficially it is believed that there is a foundation for the rumor, and in all probability one of the above named roads will buy the main line of the Wabash from St. Louis and Kansas City and then divide the road.

DAILY BULLETIN

No. 22. Maryville, Mo. Friday, April 17, 1914.

Today we call attention to our first showing of the new

Quaker Craft--Laces
for window draping

Quaker Craft-Laces are shown in our drapery section for the first time today.

They contain the latest ideas in materials for making lace curtains.

Quaker designs are unusually attractive and their introduction denotes a new period in the making of beautiful draperies.

The designs in Quaker Craft-Laces cannot be duplicated—they are exclusive.

The materials cannot be excelled—only the finest qualities are good enough for Quaker Craft-Laces.

The Spring designs include—

—new shadow lace effects
—new small allover effects
—new pierced block effects
—new striped effects

Quaker Craft-Laces fill every need for window draping.

If you need lace curtains do not fail to inspect this showing-you will find Quaker Craft-Laces only in our drapery section.

We will gladly show you the new methods of decorating windows and demonstrate how ideal Quaker Craft-Laces are for this purpose.

Price, by the yard; from **25c to $1.25**
Price, by the pair, from **75c to $6.00**

If you are interested in vacuum sweepers let us show you what we consider the best built—

Duntley Vacuum Sweeper, $7.50
(Hand power)
and the
Frantz-Premier Sweeper, $25
(Electric)

Where electricity is not available, or if you prefer a hand vacuum sweeper, the Duntley is without an equal.

It is a PRACTICAL hand sweeper.

It generates a vacuum sufficiently powerful to pull the dust from UNDER the carpet—to thoroughly clean, any weight rug or carpet.

It is an excellent value for the price—$7.50

Where electricity is available we advise the superior Frantz-Premier Vacuum Sweeper.

It is light in weight and can be easily carried from room to room.

It is properly constructed and will do all your cleaning rapidly.

The motor is stoutly built and will last for years. The cost of running this electric will not be over 1c an hour on steady work.

It is guaranteed to be free from defects for one year.

The price is $25—and at that price it is cheaper than any other vacnum we know of considering its quality.

We will gladly demonstrate both of these Vacuum Sweepers upon request.

Lace Curtain Stretchers—full size—strongly built, $1.25 and $2.50.

EARLY RISING.

Some Impressive Figures Showing What It Means.

The following calculation is interesting: Suppose one boy, aged 10 years, determines to rise at 5 o'clock all the year round. Another of the same age, indolent and fond of ease, rises at 8, or an average of 8, every morning. If they both live to be 70 years old the one will have gained over the other during the intervening period of sixty years 65,745 hours, which is equal to 2,739 and a fraction days, or just 7½ years.—St. Joseph Stock Yards Journal.

HUERTA'S FACE WELL SAVED

London Paper Thinks Mexican President Gets Out Gracefully.

London, April 17.—The London morning papers commenting with satisfaction on the conclusion of the Tampico incident continue to criticise President Wilson's policy. The Daily Telegraph says:

"It seems plain that Huerta's face is thoroughly well saved and a very considerable strengthening is given to his position in the eyes of his countrymen. He will call the acknowledgment of his salute a measure of recognition, and if the Mexicans regard it in that light it matters little what Washington may say about it."

Ask Stay for Dynamiters.

Washington, April 17.—President Wilson was asked by a delegation from the senate and house to request Attorney General McReynolds to obtain from the circuit court of appeals at Chicago a stay of execution for the twenty-seven labor leaders sentenced to Fort Leavenworth for complicity in the dynamite conspiracy, until he had an opportunity to review all the proceedings and the application for pardon. The president promised to give the cases careful consideration.

Fall Fatal in Boxing Match.

Billings, Mont., April 17.—"Kid" Fortney of Indianapolis, who was injured here in a prize fight with Roy Coughill of Cody, Wyo., is dead. He was knocked down in the seventh round and his head struck the floor. From then until he died he was unconscious.

YOUR CHILD'S SIGHT
Should be a most important consideration. Many children are handicapped in school or subjected to petty nervous or physical ills by the effects of imperfect vision.

An examination of the eyes of 100,000 school children in New York City showed that nearly 30 per cent needed glasses. In Boston it was more than 20 per cent, and most of them were down on the books as "stupid," "stubborn" or "unruly."

Wearing glasses in childhood often averts serious trouble later on. Have our optician examine your child's eyes. If glasses are not needed you may be sure we will tell you so frankly.
